

#### PRODUCT OVERVIEW

Voltan Wall Mount Network Cabinet is an ideal solution for managing networking and electronic equipment in a home or small office setup. Designed to be compact and efficient, this wall-mounted cabinet offers organized space for routers, switches, and other network components.

#### CONSTRUCTION DRAWING

#### KEY FEATURES

• Space-Saving Design	Mounted on the wall, it frees up floor space and is suitable for smaller areas.
• Robust Construction	Made from high-quality materials, the cabinet provides security and durability for all housed devices
• Ventilation Options	Equipped with vented panels to ensure adequate airflow, keeping equipment cool.
• Lockable Doors	For added security, the cabinet comes with a lockable front door, preventing unauthorized access.
• Easy Access	Front door Access make it easy to access and manage equipment during setup or maintenance.
• Flexible Cable Management	Internal hooks and brackets allow for organized cable management, minimizing clutter.
• Brush strip entry	Ensures clean cable access, reduces dust, and maintains organized airflow.
• Integrated cable tie points	Provides structured cable management, minimizing clutter and enhancing airflow in wall-mount network cabinets.
• Angled 19" mounting profiles	Optimizes space and cable routing for better accessibility.
• Dedicated 19" equipment profiles	Ensure alignment, stability, and efficient space utilization, allowing for organized equipment installation and easy access for maintenance.
• Accepts standard Copper and Fibre 19" Patch Panels	This ensures efficient cable management, reliable connectivity, and an organized network infrastructure.
• CIBSE TM65 Embodied Carbon: 99.071 kg CO2e	Helps organizations assess sustainability and make informed decisions about carbon efficiency in their infrastructure

#### PRODUCT SPECIFICATIONS

Feature	Values
Mounting Profile	Yes
Model	Residential
Type of profile rail	L - Shaped
Number of doors	1
Width	600 mm
Height	650 mm
Depth	250 mm
Modular Spacing	19 inch
With roof plate	Yes
With front door	Yes
Side panels included	No
Material	Steel
Type of surface	Powder coated
Colour	Grey White
RAL-number	9002

#### ADDITIONAL SPECIFICATIONS

Features	Values
Top Cable entry / exit	Brush strip
Bottom Cable entry / exit	Brush strip
IP rating	IP20
Material thickness	1.2mm
Material coating	Powder Coating
M6 Earthing stud	1
Operating temperature	-40 to +60 °C
Integrated Tie points	Top / Bottom
Horizontal patching field	4U
Equipment patching field	4U

#### INCLUDED ACCESSORIES

Accessories	Information	Quantity
Nylon Cable Tie	200mm x 4mm	10
Velcro Tie	285mm x 20mm	4
Twist Tie		4
Removable / Lockable door		1
Port Identification Label		1

### STANDARDS

Applicable Standard	Detail
RoHS-II/-III (2011/65/EU & 2015/863): 2023	Our products, demonstrate full adherence to the regulatory stipulations of the EU Directive 2011/65/EU (RoHS-II) and its corresponding delegated directive 2015/863 (RoHS-III).
